

TURBO 3

Power-Up Your Shoe or Handle Mount Flash with the New TURBO 3

- **Three times the power of the original TURBO, but smaller and lighter...**
- **600-6000 flashes 1/10 to 1.9 second recycle time...**
- **Ultra fast shooting speed & endurance when powering Qflash or other flashes...**
- **Portable studio power on location, no ac cords...**
- **Dual power for two flashes or flash & camera...**
- **Belt mounted for action.**

QUANTUM 

TURBO 3

The impressive power and speed of the new TURBO 3 belies its compact size. Teamed with a Qflash 5 or TRIO you can literally fire at will, continuously, and grab all the action shots. Stop tripping over AC cords and use TURBO 3 as your studio and location power pack.

- "Gas gauge" shows available power and charging status
- Nickel Metal Hydride rechargeable battery has no "memory"
- Universal 100 - 240 VAC charger
- Lockable sockets work with new locking cables
- Compatible with hundreds of flashes & digital cameras... Nikon, Canon, Metz and many more.
